NEW YORK--(BUSINESS WIRE)--Feb. 6, 2019-- Take-Two Interactive Software, Inc. (NASDAQ:TTWO) today reported strong results for its fiscal third quarter 2019 ended December 31, 2018. In addition, the Company provided its initial outlook for its fiscal fourth quarter ending March 31, 2019, and raised its outlook for its fiscal year ending March 31, 2019. For additional information, please see the fiscal third quarter 2019 results slide deck posted to the Company's investor relations website at <http://ir.take2games.com>.

Fiscal Third Quarter 2019 Financial Highlights

On April 1, 2018, the Company adopted FASB ASU 2014-09 (Topic 606), *Revenue from Contracts with Customers*. Topic 606 significantly changes how the Company recognizes and reports net revenue and net income; however, it does not materially impact Net Bookings (our operational metric). Financial data for periods prior to April 1, 2018 has not been restated.

Net revenue grew to \$1.249 billion, as compared to \$480.8 million in last year's fiscal third quarter. Recurrent consumer spending (virtual currency, add-on content and in-game purchases, including the allocated value of virtual currency and add-on content included in special editions of certain games) increased and accounted for 24% of total net revenue. The largest contributors to net revenue in fiscal third quarter 2019 were *Red Dead Redemption 2*, *NBA@ 2K19* and *NBA 2K18*, *Grand Theft Auto@ Online* and *Grand Theft Auto V*, *WWE@ 2K19* and *WWE@ SuperCard*, *Dragon City* and *Monster Legends*, and *Sid Meier's Civilization@ VI*.

Digitally-delivered net revenue grew to \$594.7 million, as compared to \$258.4 million in last year's fiscal third quarter, and accounted for 48% of total net revenue. The largest contributors to digitally-delivered net revenue in fiscal third quarter 2019 were *Red Dead Redemption 2*, *Grand Theft Auto Online* and *Grand Theft Auto V*, *NBA 2K19* and *NBA 2K18*, *WWE 2K19* and *WWE SuperCard*, *Monster Legends* and *Dragon City*, and *Sid Meier's Civilization VI*.

Net income increased to \$179.9 million, or \$1.57 per diluted share, as compared to \$25.1 million, or \$0.21 per diluted share, for the comparable period last year. Net income included a favorable impact from the release of certain valuation allowances on the Company's deferred tax assets resulting in the recognition of a \$108.7 million tax benefit in the quarter. Without the release of the valuation allowances, the third quarter tax benefit would have been \$11.3 million.

During the 9-month period ended December 31, 2018, net cash provided by operating activities grew 62% to \$390.2 million, as compared to \$241.1 million in the same period last year. During the 9-month period ended December 31, 2018, Adjusted Operating Cash Flow (Non-GAAP), which is defined as GAAP net cash from operating activities, adjusted for changes in restricted cash, grew 188% to \$587.0 million, as compared to \$204.1 million in the same period last year (please see the section below titled "Non-GAAP Financial Measure" for additional information). As of December 31, 2018, the Company had cash and short-term investments of \$1.601 billion.

The following data, together with a management reporting tax rate of 20%, are used internally by the Company's management and Board of Directors to adjust the Company's GAAP financial results in order to facilitate comparison of its operating performance between periods and to better understand its core business and future outlook:

Three Months Ended December 31, 2018

Management Comments

"Take-Two delivered better-than-expected results in the fiscal third quarter," said Strauss Zelnick, Chairman and CEO of Take-Two. "Our outperformance was driven primarily by the record-breaking launch of *Red Dead Redemption 2* along with strong results from *NBA 2K19*. In addition, consumers engaged significantly with our offerings, and recurrent consumer spending grew 31% to a new record. We generated strong cash flow and ended the period with \$1.6 billion in cash and short-term investments, after deploying \$109 million to repurchase 1 million shares of our stock.

"As a result of our outstanding third quarter performance, we are raising our outlook for fiscal 2019, which is poised to be a record year for Net Bookings and Adjusted Operating Cash Flow. Looking ahead, as our industry continues to embrace new technologies that enhance consumers' experience with, and access to interactive entertainment, we remain focused on broadening the reach of our content and expanding further globally. Take-Two is exceedingly well-positioned - creatively, strategically and financially - to capitalize on the vast opportunities that will shape the future of our business, and to deliver long-term growth and margin expansion."

Non-GAAP Financial Measure

In addition to reporting financial results in accordance with U.S. generally accepted accounting principles (GAAP), the Company uses a Non-GAAP measure of financial performance: **Adjusted Operating Cash Flow**, which is defined as GAAP net cash from operating activities, adjusted for changes in restricted cash. The Company's management believes it is important to consider Adjusted Operating Cash Flow, in addition to net cash from operating activities, as it provides more transparency into current business trends without regard to the timing of payments from restricted cash, which is primarily related to a dedicated account limited to the payment of certain internal royalty obligations.

This Non-GAAP financial measure is not intended to be considered in isolation from, as a substitute for, or superior to, GAAP results. This Non-GAAP financial measure may be different from similarly titled measures used by other companies. In the future, Take-Two may also consider whether other items should also be included in calculating this Non-GAAP financial measure used by the Company. Management believes that the presentation of this Non-GAAP financial measure provides investors with additional useful information to measure Take-Two's financial and operating performance. In particular, this measure facilitates comparison of our operating performance between periods and may help investors to understand better the operating results of Take-Two. Internally, management uses this Non-GAAP financial measure in assessing the Company's operating results and in planning and forecasting. A reconciliation of this Non-GAAP financial measure to the most comparable GAAP measure is contained in the financial tables to this press release.

Final Results

The financial results discussed herein are presented on a preliminary basis; final data will be included in Take-Two's Quarterly Report on Form 10-Q for the period ended December 31, 2018.
