Non-GAAP Financial Measure

In addition to reporting financial results in accordance with U.S. generally accepted accounting principles (GAAP), the Company uses a Non-GAAP measure of financial performance: **EBITDA**, which is defined as GAAP net income (loss) excluding interest income (expense), provision for (benefit from) income taxes, depreciation expense, and amortization and impairment of acquired intangibles. The Company is no longer reporting Adjusted Unrestricted Operating Cash Flow, as certain cash that was previously restricted is no longer required to be restricted.

The Company's management believes it is important to consider EBITDA, in addition to net income, as it removes the effect of certain non-cash expenses, debt-related charges, and income taxes. Management believes that, when considered together with reported amounts, EBITDA is useful to investors and management in understanding the Company's ongoing operations and in analysis of ongoing operating trends and provides useful additional information relating to the Company's operations and financial condition.

This Non-GAAP financial measure is not intended to be considered in isolation from, as a substitute for, or superior to, GAAP results. This Non-GAAP financial measure may be different from similarly titled measures used by other companies. In the future, Take-Two may also consider whether other items should also be excluded in calculating this Non-GAAP financial measure used by the Company. Management believes that the presentation of this Non-GAAP financial measure provides investors with additional useful information to measure Take-Two's financial and operating performance. In

particular, this measure facilitates comparison of our operating performance between periods and may help investors to understand better the operating results of Take-Two. Internally, management uses this Non-GAAP financial measure in assessing the Company's operating results and in planning and forecasting. A reconciliation of this Non-GAAP financial measure to the most comparable GAAP measure is contained in the financial tables to this press release.

Final Results

The financial results discussed herein are presented on a preliminary basis; final data will be included in Take-Two's Annual Report on Form 10-K for the period ended March 31, 2025.
