* During Q2 FY19, the Company began reporting a Non-GAAP measure of financial performance: Adjusted Unrestricted Operating Cash Flow, which is defined as GAAP net cash from operating activities, adjusted for changes in restricted cash. Prior periods have been restated in the chart above. Please see the slide titled “Non-GAAP Financial Measure” for additional information and a reconciliation to GAAP.

OUR CULTURE
We’re Great Place to Work-Certified™!

Take-Two Interactive Software, Inc.

96% of employees at Take-Two Interactive Software, Inc. say it is a great place to work compared to 59% of employees at a typical U.S.-based company*

OUR COMMITMENT TO PHILANTHROPY

We are committed to supporting numerous charitable organizations throughout the world.
GIVING BACK AT TAKE-TWO

We recognize our responsibility and capacity to help be a force for good within our society. Whether supporting international, national, or local organizations in the areas where we operate, our Company’s efforts include:

• **Industry-wide initiatives** led by the Entertainment Software Association

• **Educational programs**, especially for students in **underserved communities**, to develop STEM and creative skills that can be helpful in pursuing related college degrees and future positions within our industry

• Programs that **promote and influence diversity, equity, and inclusion** in the industry and workplace

• Chambers of commerce, **food pantries and shelters, and youth programs**

• Employee volunteerism opportunities around **environmental sustainability, mentoring, and preparing and serving meals** to those in need
NON-GAAP FINANCIAL MEASURE

In addition to reporting financial results in accordance with U.S. generally accepted accounting principles (GAAP), the Company uses a Non-GAAP measure of financial performance: Adjusted Unrestricted Operating Cash Flow, which is defined as GAAP net cash from operating activities, adjusted for changes in restricted cash. The Company’s management believes it is important to consider Adjusted Unrestricted Operating Cash Flow, in addition to net cash from operating activities, as it provides more transparency into current business trends without regard to the timing of payments from restricted cash, which is primarily related to a dedicated account limited to the payment of certain internal royalty obligations.

This Non-GAAP financial measure is not intended to be considered in isolation from, as a substitute for, or superior to, GAAP results. This Non-GAAP financial measure may be different from similarly titled measures used by other companies. In the future, Take-Two may also consider whether other items should also be excluded in calculating this Non-GAAP financial measure used by the Company.

Management believes that the presentation of this Non-GAAP financial measure provides investors with additional useful information to measure Take-Two's financial and operating performance. In particular, this measure facilitates comparison of our operating performance between periods and may help investors to understand better the operating results of Take-Two.
