<u>New York, NY — February 7, 2018</u> — Take-Two Interactive Software, Inc. (NASDAQ:TTWO) today reported results for its fiscal third quarter 2018, ended December 31, 2017. In addition, the Company provided its initial financial outlook for its fiscal fourth quarter ending March 31, 2018, and updated its financial outlook for its fiscal year ending March 31, 2018.

#### Fiscal Third Quarter 2018 GAAP Financial Highlights

Net revenue grew to \$480.8 million, as compared to \$476.5 million in last year's fiscal third quarter. Recurrent consumer spending (virtual currency, add-on content and microtransactions) grew 64% year-over-year and accounted for 32% of total net revenue. The largest contributors to net revenue in fiscal third quarter 2018 were *Grand Theft Auto*® *V* and *Grand Theft Auto Online*, *NBA*® *2K18*, *WWE*® *2K18* and *WWE SuperCard*, and *L.A. Noire*.

Digitally-delivered net revenue grew 8% to \$258.4 million, as compared to \$240.2 million in last year's fiscal third quarter, and accounted for 54% of total net revenue. The largest contributors to digitally-delivered net revenue in fiscal third quarter 2018 were *Grand Theft Auto Online* and *Grand Theft Auto V*, NBA 2K18, WWE 2K18 and WWE SuperCard, and Sid Meier's Civilization VI.

Net income increased to \$25.1 million, or \$0.21 per diluted share, as compared to net loss of \$29.8 million, or \$0.33 per diluted share, for the comparable period last year. Net income reflects \$11.9 million of incremental income tax expense, or approximately \$0.10 per diluted share, due to the application of the Tax Cuts and Jobs Act, enacted on December 22, 2017. This amount is a reasonable estimate provided in accordance with Securities and Exchange Commission guidance. We will provide additional information about such estimate in our forthcoming Form 10-Q for the fiscal quarter ended December 31, 2017.

Net cash provided by operating activities was \$203.0 million. As of December 31, 2017, the Company had cash and short-term investments of \$1.322 billion.

The following data, together with a management reporting tax rate of 22%, are used internally by the Company's management and Board of Directors to adjust the Company's GAAP financial results in order to facilitate comparison of its operating performance between periods and to better understand its core business and future outlook:

adds back to net income the interest expense, net of tax, on its convertible notes of \$0.01 million.

#### **Operational Metric** — Net Bookings

Income before income taxes

During fiscal third quarter 2018, total Net Bookings were \$653.9 million, as compared to \$744.8 million during last year's fiscal third quarter, which had benefitted from the launches of Mafia III and Sid Meier's Civilization VI. Net Bookings from recurrent consumer spending grew 44% year-over-year and accounted for 40% of total Net Bookings. The largest contributors to Net Bookings were Grand Theft Auto Online and Grand Theft Auto V, NBA 2K18, WWE 2K18, L.A. Noire, and Dragon City and Monster Legends.

Catalog accounted for \$343.5 million of Net Bookings led by Grand Theft Auto, and Dragon City and Monster Legends.

Digitally-delivered Net Bookings grew 6% to \$379.7 million, as compared to \$357.4 million in last year's fiscal third quarter, and accounted for 58% of total Net Bookings. The largest contributors to digitally-delivered Net Bookings in fiscal third quarter 2018 were Grand Theft Auto Online and Grand Theft Auto V, NBA 2K18, WWE 2K18 and WWE SuperCard, and Monster Legends and Dragon City.

#### **Management Comments**

"During the holiday season, we benefited from high consumer demand for our offerings, enabling our Company to deliver another quarter of both strong Net Bookings and net cash provided by operating activities," said Strauss Zelnick, Chairman and CEO of Take-Two. "Our stellar results were highlighted by record recurrent consumer spending on both Grand Theft Auto Online and NBA 2K18, robust ongoing sales of Grand Theft Auto V, and the successful launch of WWE 2K18. We took advantage of favorable market conditions to deploy \$110 million of cash to repurchase more than 1 million shares of our stock. As a result of our outstanding third quarter performance and increased fourth quarter forecast, we are raising our fiscal 2018 outlook for Net Bookings.

"In addition to achieving superb results, we announced the formation of Private Division, our new label that is dedicated to bringing titles from top independent developers to market. Private Division already has deals to publish several upcoming titles based on new IP from renowned talent, and represents an exciting new growth opportunity that complements Take-Two's core business.

"Rockstar Games has announced that Red Dead Redemption 2 will launch on October 26, 2018. We continue to expect to deliver both record Net Bookings and record net cash provided by operating activities in fiscal 2019, in excess of \$2.5 billion and \$700 million, respectively, led by the launches of Red Dead Redemption 2 and a highly anticipated new title from one of 2K's biggest franchises. We have a robust development pipeline and are better positioned than ever for long-term growth and margin expansion."

### Fiscal Year Ending March 31, 2018

As a result of its strong fiscal third quarter 2018 results and increased outlook for the fiscal fourth quarter, Take-Two is raising its fiscal year 2018 outlook for Net Bookings. In addition, the Company is increasing its outlook for GAAP net revenue and GAAP net income.

- GAAP net revenue is expected to range from \$1.80 to \$1.85 billion
- GAAP net income is expected to range from \$170 to \$181 million
- GAAP diluted net income per share is expected to range from \$1.50 to \$1.60
- · Share count used to calculate GAAP diluted net income per share is expected to be 113.2 million (4)
- · Net cash provided by operating activities is expected to be approximately \$300 million
- · Capital expenditures are expected to be approximately \$60 million
- Net Bookings (operational metric) are expected to range from \$1.99 to \$2.04 billion

The Company is also providing selected data and its management reporting tax rate of 22% that are used internally by its management and Board of Directors to adjust the Company's GAAP financial outlook in order to facilitate comparison of its operating performance between periods and to better understand its core business and future outlook:

			Twelve Mont	hs Ending March 31	, 2018

- (1) For the fiscal fourth quarter ending March 31, 2018, the Company's fully diluted share count used for both GAAP and management reporting purposes is expected to be 118.8 million, which includes 114.0 million basic shares, 4.1 million shares representing the potential dilution from unvested employee stock grants, and 0.7 million shares representing the potential dilution from convertible notes. For management reporting purposes, the interest expense, net of tax, on the convertible notes, which is added back to net income to calculate diluted net income per share is \$0.03 million.
- (2) The individual components of the financial outlook may not foot to the totals as the Company does not expect actual results for every component to be at the low end or high end of the outlook range simultaneously.
- (3) The Company's stock-based compensation expense for the periods above includes the cost of approximately 0.6 million restricted stock units previously granted to ZelnickMedia that are subject to variable accounting. Actual expense to be recorded in connection with these shares is dependent upon several factors, including future changes in Take-Two's stock price.
- (4) For the fiscal year ending March 31, 2018, the Company's fully diluted share count used for management reporting purposes is expected to be 118.0 million, which includes 110.1 million basic shares, 3.1 million shares representing the potential dilution from unvested employee stock grants, and 4.8 million shares representing the potential dilution from convertible notes. The interest expense, net of tax, on the convertible notes, which is added back to net income to calculate diluted net income per share for management reporting purposes is \$0.83 million. Take-Two's GAAP net income per diluted share outlook is calculated using a diluted share count of 113.2 million (basic shares plus unvested employee stock grants), because using the "if-converted" method and the Company's fully diluted share count of 118.0 million would have been anti-dilutive.
- (5) Includes \$2.4 million of stock-based compensation related to business reorganization.

Key assumptions and dependencies underlying the Company's financial outlook include: the timely delivery of the titles included in this financial outlook; continued consumer acceptance of Xbox One and PlayStation 4; the ability to develop and publish products that capture market share for these newgeneration systems while also leveraging opportunities on Nintendo Switch, Xbox 360, PlayStation 3, PC and mobile platforms; and stable foreign exchange rates.
